Ornamental Features

Mon Amie Blue Forget-Me-Not features delicate cymes of sky blue flowers with yellow eyes at the ends of the stems from early spring to early summer. Its narrow leaves remain grayish green in color throughout the season.

Landscape Attributes

Mon Amie Blue Forget-Me-Not is an herbaceous biennial with a mounded form. Its medium texture blends into the garden, but can always be balanced by a couple of finer or coarser plants for an effective composition.

This plant will require occasional maintenance and upkeep, and is best cleaned up in early spring before it resumes active growth for the season. Deer don't particularly care for this plant and will usually leave it alone in favor of tastier treats. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Self-Seeding

Mon Amie Blue Forget-Me-Not is recommended for the following landscape applications;

Ann Arbor
734-332-7900
155 N. Maple at Jackson

Clinton Twp.
586-286-6100
44850 Garfield Rd.

Dearborn Heights
313-278-4433
22650 Ford Rd.

Eastpointe
586-771-4200
22501 Kelly Rd.

Royal Oak
248-280-9500
4901 Coolidge Rd.

West Bloomfield
248-851-7506
6370 Orchard Lake Rd.

Planting & Growing

Mon Amie Blue Forget-Me-Not will grow to be only 6 inches tall at maturity extending to 8 inches tall with the flowers, with a spread of 8 inches. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 6 inches apart. It grows at a fast rate, and tends to be biennial, meaning that it puts on vegetative growth the first year, flowers the second, and then dies. However, this species tends to self-seed and will thereby endure for years in the garden if allowed.

This plant does best in full sun to partial shade. It prefers to grow in average to moist conditions, and shouldn't be allowed to dry out. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This is a selected variety of a species not originally from North America.

Mon Amie Blue Forget-Me-Not is a fine choice for the garden, but it is also a good selection for planting in outdoor pots and containers. It is often used as a 'filler' in the 'spiller-thriller-filler' container combination, providing a mass of flowers against which the thriller plants stand out. Note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden.
